

Read Me Ceres5.00.84 Show Ceres Related Order Controls on PO
(Ceres5.00.84)

Service Request or Support Case:

Issue addressed: The Purchase Order has 5 Ceres related fields in a subgroup that only show under certain conditions on the Shipping & Payment Tab. These fields should be visibility on all Purchase Orders

Objects Affected:

Type	ID	Name
Page	50	Purchase Order

This release does not present a change in system usage methodology.

Resolution:

The Purchase Order (page 50) was updated to always show the Order Address Code, Order Handling Group, Order Routing Group, Special Instructions, and Roadnet Location Type fields on the Shipping & Payment Tab.
